STAT

STAT

1. I wish to express my appreciation for the assistance rendered by [redacted] and his Operations Support Branch in my current effort to update the DDS&T History.

STAT

2. In early December I obtained several quarter-inch tapes on five-inch reels made of speeches and roundtable discussions with several deputy directors concerning scientific and technological developments. Before typescripts could be made of these recordings, it was necessary to have them transferred to cassettes that would work on our transcribing machines. [redacted] very graciously agreed to do this transcribing for us.

STAT

3. Once again let me say thanks for your component's assistance.
